SUMMER 2019 ISSUE 41

Runway 2.0 Is Happening

The word is out and work has begun! A new Runway experience is making its way to Playa Vista, and we couldn't be more excited. With a pedestrian focus, Runway 2.0 will tuck cars away and focus on walkability and connectivity, transforming into an even more inviting destination where you'll want to hang out and stay awhile.

Outdoor areas will undergo a makeover with lush landscaping, benches and spaces for gathering and entertainment.

We can't wait to see this exciting new update come to life! Learn more at RunwayPlayaVista.com.

It's our favorite time of the year!

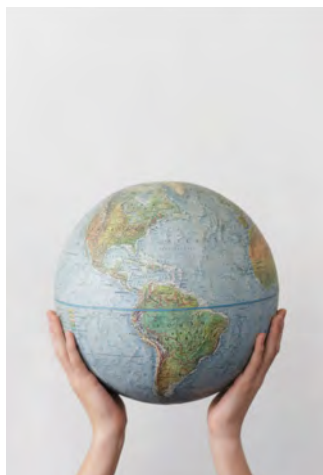

Playa Vista in *LA CONFIDENTIAL*

Home to some of the biggest names in tech, Playa Vista's creative community and innovative urban living have media outlets like *LA Confidential* saying it's "The Westside's coolest new haute spot." People are always taking notice, and Playa Vista has never looked better.

Our unique community in the heart of Silicon Beach stands out thanks to its walkability, iconic shops and dining at Runway as well as the innovative design of 29 urban parks that are everyone's weekend destination. Complete with bluff views, luxury residences and a cool reputation as the place to be in Silicon Beach, Playa Vista is where you can have it all. Read more on why *LA Confidential* and so many more think our future looks bright at PlayaVistaLA.com/News.

Made E-asy

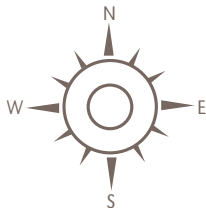

Electronic waste, or "e-waste," refers to all of our unwanted electronic equipment like televisions, computers, laptops, cell phones, etc. We all have them and often wonder what to do when we're done with them. E-waste can be collected for free at all Household Hazardous/Electronics Waste Collection events. At Playa Vista, our Community Yard Sale is the perfect example of how we take care of our e-waste.

This year, Shred-it and All Green Electronics Recycling came to Playa Vista to help our community become even more eco-friendly. Additionally, the City of Los Angeles operates a number of S.A.F.E. Centers where the public can deposit e-waste to be recycled. Both of these services are available every weekend for FREE to all residents within the County of Los Angeles. To find your nearest recycler, go to <http://ladpw.org/epd/compelec/index.cfm>.
